

WARNING.

Richard Baldings.

He did by unlawful means of fraud and deception; obtain by lies to Prof. Searl thereby gaining Prof Searl Signature as an agreement between him and Searl, where in reality it was to obtain for the criminals who robbed him Martin Colborne, Ken Kibbs.

At the following committee, meeting Searl found that the offending two paragraphs were still intact and the committee as greed always show agree with that contract except Prof. Searl who closes that meeting that S.I.S.C. failed to sign the document Searl presented.

Until they sign that document there be no more committee meetings, over a month later they sign the document as a club not as a company.

They were granted a license each month; in fact, in reality they never paid that fee because they robbed me of all my equipment.

This was their intended plan to get the secret of how to make the S.E.G. and got Balding to buy the house as a carrot to get the secret then he could eject Searl and sell the house for a profit – that is the TRUTH.

Later Searl stop to read his CV and got a shock an insurance company stated they would not deal with him or members of his staff only at arm lengths

Well what a recommendation, sad to say never had his CV before that meeting, now you see why Searl is taking a tough stand on whom he deals with.

This statement is hereby certified as correct and Searl will take a lie detector test in any court to prove it.

Prof. John Roy Robert Searl.
